Dear Mr. Knight:

Thank you for your replying to our letter dated May 2, 2007. The Board of Registration for Professional Engineers and Land Surveyors does have authority to investigate unlicensed practice of engineering.

On April 12, 2007, a complaint was filed by Mr. Bruce Dodds, PE PLS, for unlicensed practice. By law, the Board is required to investigate the complaint to determine if there are any violations. With your cooperation in this matter, we can resolve any misunderstanding.

The Board of Registration for Professional Engineers and Land Surveyors has the authority over unlicensed practice. Here are some of the applicable RCW's: 18.43.010, 18.43.020 (5), 18.43.105 (5), and 18.235.

Mr. Knight you are also registered with the Department of Licensing as an Engineer-In-Training, certificate # 10587.

We can resolve this complaint as soon as we can sit down and talk to clear the matter up. Please provide me with your phone number so I can call you to setup a convenient time for both of us to resolve the issues.

I have enclosed a copy of the complaint and supporting documents for your review.

If you have any questions you can call me directly at 360-664-1569.

Sincerely,

David J. Browne
Investigations Manager
